Abstract

Here are tables of unsorted fantasy names. Roll only once; if you keep rolling until you hit a name you like, the tables lose their magic. That's the rule.

If you roll a name you dislike, use it as the basis for a new name (Blossom becomes Blossovar, Blasskrul, or Bloodflower the Unquenchable). Or try adding -kar or -on to the end of a name you don't like.

DUNGEONS & DRAGONS, D&D, Wizards of the Coast, Forgotten Realms, the dragon ampersand, Player's Handbook, Monster Manual, Dungeon Master's Guide, D&D Adventurers League, all other Wizards of the Coast product names, and their respective logos are trademarks of Wizards of the Coast in the USA and other countries. All characters and their distinctive likenesses are property of Wizards of the Coast. This material is protected under the copyright laws of the United States of America.
