# Foreword

Well, we're back again with another in the name series, this time we deal with 100 alien race names, sheer cornucopia of weird and out of this world names for the busy sci-fi GM that needs quick results on the fly!

These names are not solely for the stressed GM, but also for the aid of character creation, that will inspire PCs to create their own character races, planets and civilisations, cities and so forth.

Roll for random results, or simply choose and inspire. Remember, we've done the hard work, so you don't need to tax your brain, then you can save your remaining brain cells for more pressing matters...! Enjoy!!
