Foreword

This booklet of 100 anime inspired oriental names is made with both the PC and NPC in mind. As with all other publications in the 100 series, you are free to chop and choose from the list as you prefer, or in the case of randomly generated Non-Player Characters, then simply roll a D100 to choose.

These names are perfect for pretty much any role playing game that has an eastern flavour, a cyberpunk feel or simply that your character may be based on your favourite anime or manga..

On a further note, this booklet was brought to being by my anime mad daughter, who put this table together, and thought it would be a great resource to the community!!

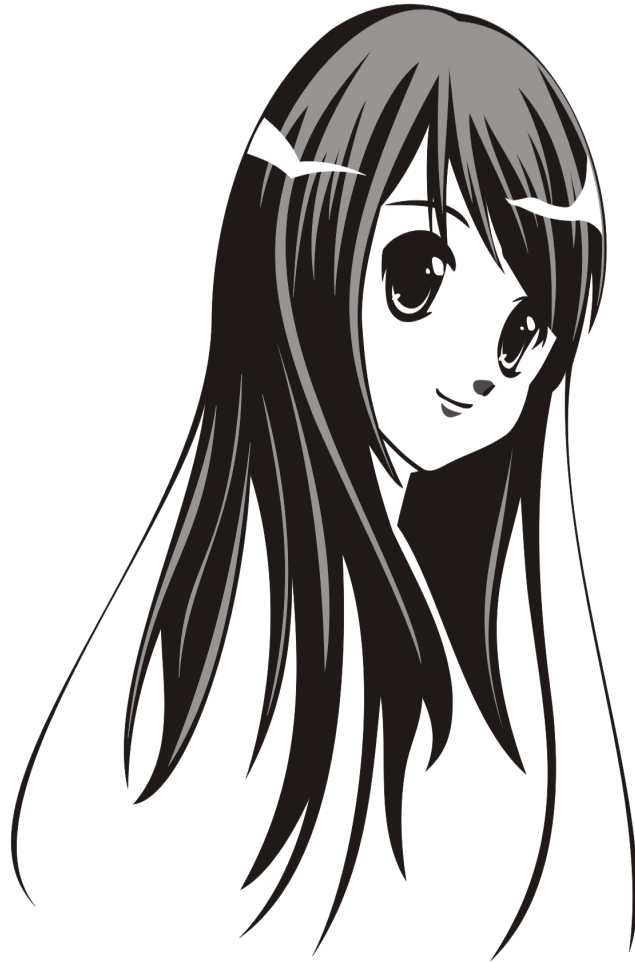

Enjoy!!
