Mundane Forest Animal Encounters

Welcome to *Two Bit Tables: Mundane Forest Animal Encounter Table*. Ever want to make your forests feel more like the vibrant living places they should be? Wonder what's missing? We here at Healing Fireball Publications suspect it might be a lack of fauna (animals). Below is a list of 100 common animals found in temperate forests. These animals can be used to create mini-encounters that give your players the feeling that they are walking through a living ecosystem. To use the table, just roll D100 intermittently as your party walks through the forest and consult the below table for the encounter.
