Sickly Brews and Concoctions

The witch's caldron is an unmistakable sign of evil with their sickly contents slowly bubbling away with a hunched crone stirring the contents and cackling. But what's in that sickly brew she is stirring? What if the local witch doctor sends the party on a quest to gather the necessary ingredients to reverse a curse? Well never fear - Healing Fireball Publications is here with a set of tables that will give you all the ingredients to create truly dark and sickly brews and concoctions for your world.

How to Create a Brew or Concoction

To use the tables in this product to create a brew or concoction Start by rolling once on the liquid base table to find the base of your brew. To determine the ingredients to be added to this base roll 1d6 times on the ingredient table for a small brew and 2d6 times for a large one. Then just roll up the specific ingredients using the specific ingredient tables.
